

History of North Angelos Christian College

North Angelos Christian College was founded in 2018. It started with a few learners from Gr R – 9 (+/- 40 learners). During 2022 the school grew in numbers (263 learners) with a new phase implemented in the Further Education & Training Phase (Gr 10).

We are in the process with the accreditation process at Umalusi as fully accredited service provider and an examination centre for the National Senior Certificate (NSC) examination for our first Gr 12 learners in 2024.

At the beginning of 2022 the Board of Directors started with the upgrading and extension of new facilities to accommodate the growth in number. New class rooms were build and a computer centre is in the development phase.

Surely this is a school with a leadership with a vision and the expansion of the college.

Make North Angelos Christian
College your number one choice.
The place where your child's future
matters.
